

Nine New Base Features Layers!

July 2010

AltaLIS is pleased to announce the addition of nine new geoadministrative boundary layers to the Base Features dataset, and they are also available as free downloads from the AltaLIS website.

The new layers are:

- ◇ Alberta Transportation District
- ◇ Alberta Transportation Region
- ◇ ASRD Land Use Operations Office
- ◇ ASRD Rangeland Management District
- ◇ Eastern Slopes Land Use Zoning
- ◇ Forest Recreation Trail
- ◇ Green/White Area Historical
- ◇ Natural Resources Conservation Board Service Area
- ◇ Treaty Boundary

There are now a total of 41 Base Features boundary layers available for free, and new layers will continue to be added as they become available.

To download the free boundary files, visit our webpage:
